EXHIBITOR

EXHIBITOR BOOTH MAP TEMPLATE

Booth numbers and booth layouts must be provided at the time an order is placed. Please complete this document and submit it as an attachment with your order.

Type of Exhbitor Booths

Line Booth - Booth adjacent to other booths, facing the aisle

Peninsula Booth – Booth at the end of a row of booths, an "endcap," adjacent to booths behind it

Island Booth – A stand-alone booth, not directly adjacent to other booths

Floor Plan Examples

Exhibitor Floor Plan

Important items to include:

- Mark service locations with measurements (i.e. electrical, mechanical, IT services)
- Indicate adjacent booth numbers and/or aisles
- Indicate your booth dimensions (ie. 10 x 20 diagram below)

Please note: If floorplan is not provided, services will be placed in the center-rear of your booth.
